### CNH Kiwanis Family Month Proposal

July 2018 Board Meeting

Respectfully Submitted by **Calvin Chau, District Kiwanis Family and Foundation Chair**

## EVENT OVERVIEW

**Date:** November 5<sup>th</sup>-30<sup>th</sup>

A Primary goal of the 2018-2019 California-Nevada-Hawaii District Board of Officers is to promote and foster the Kiwanis Family Relations within our district. The month of November is observed as Kiwanis Family Month across all of the Kiwanis Family Branches and hopes to build bonds and connections between the various branches. November is internationally recognized amongst the Kiwanis Family Branches as Kiwanis Family Month, a time for members to celebrate their bonds within the Kiwanis Family and further strengthen their Kiwanis Family Relations by implementing Kiwanis Family interclub events. This year, the Kiwanis Family and Foundation (KFF) Committee plans to implement a District-wide Kiwanis Family Month which will focus its education of the Kiwanis Family to our District's needs via an entire month of Kiwanis Family topics and promotion via Social Media.

## ITEMS FOR APPROVAL

- *Kiwanis Family Month*

### ITEM #1: CNH Kiwanis Family Month

The primary purpose of the CNH Kiwanis Family Month, from November 5<sup>th</sup> to 30<sup>th</sup>, is to promote the Kiwanis Family Relations in our District and educate our members about the importance of the Kiwanis Family. Each week will have a different focus of the Kiwanis Family Branches where resources will be featured to assist in the education of the Kiwanis Family. Within these weeks, each day will have a special set of themed posts and activities that the KFF Committee has planned to increase our member's participation and engagement throughout the month. Members are encouraged to post on a specific day of the week. If they post, they will be entered into a raffle and get the chance to win a prize that will be later announced. A post is one point and a post in relation to the week's topic will be double points. Members will only have ONE post each week contribute to their raffle chances. A Webinar will be held during the month to educate the members about the Kiwanis Family.

Week 1: Kiwanis/Aktion

Week 2: K-Kids/Builders

Week 3: Key Club/KIWIN'S

Week 4: Circle K International (CKI)

1. Monday: Manual Monday

- a. On Monday, the KFF Committee will feature manuals and various other resources that have been made in order to educate the District about the resources available. This will promote the work that the KFF Committee has completed in the past years, provide more information, and bring forth other opportunities that members may not be aware about yet.

2. Tuesday: Trailer Tuesday

- a. On Tuesday, the KFF Committee will create a video that will further educate the members about the Kiwanis Family Branch of the week. The video will consist of the KFF Committee explaining the branch or a promotional video to further encourage members to interact with the branches. (Ex: An educational video about Aktion Club or a CKI Promotional Video)

3. Wednesday: WeLead Wednesday

- a. For Wednesday, The KFF Committee Liaisons will research and compile a list of amazing Kiwanis Family Chairs and events that have occurred throughout the month of November in their division. The KFF Committee will then choose a board member and event to spotlight during the week in relation to the topic. This way we hope to encourage members to further strengthen their Kiwanis Family Relations by creating more events or by giving other members more ideas about what they can do during Kiwanis Family Month.

4. Thursday: Thankful Thursday

- a. For Thursday, Members are encouraged to post on Social Media to post about why they are thankful of the various Kiwanis Family Branches and how it has impacted their lives. Each Social Media post will contribute to their chances of winning a raffle prize at the end.

5. Friday: Family Friday

- a. For the final day of the week, the KFF Committee Liaisons will research Kiwanis Family members in their division who have made an impact to the Kiwanis Family. The KFF Committee will then choose one and feature a Kiwanis Family member of any Kiwanis Family Branch and how they have impacted their organization and CKI. Kiwanis Family Chairs are encouraged to plan events for this day to further strengthen relations with Kiwanis Family members. If they are unable to, we will also feature tips on how to interact with the various Kiwanis Family Branches to further encourage if they plan to have events on Saturday or in future weeks.

### District Awards Proposal

**July 2018** Board Meeting

Respectfully Submitted by **Katelyn Duch, District Member Recognition Chair**

## EVENT OVERVIEW

Every term, the District Member Recognition Committee reviews all District Awards to be presented at Fall Training Conference and District Convention and may or may not make adjustments to cater to the California-Nevada-Hawai'i District of Circle K International. This proposal is constructed so that the District Awards are constantly improved every term to better the experience of general members when filling out and Kiwanis when judging.

## ITEMS FOR APPROVAL

- General Changes
- Integration of the Master Records Sheet
- Mei Po Wong Overall Service Award
- Removal of Oratorical Contest Award
- Addition of Outstanding District Committee Member Award

### ITEM #1: General Changes

The District Member Recognition Committee proposes to update the following on all 2018-2019 District Awards applications:

- Awards deadlines and period of events (March 1, 2018 to February 28, 2019)
  - Deadlines
    - Fall Training Conference
      - Online Deadline
        - Club Video and Club T-Shirt Front/Back Graphics  
Submitted via E-mail: Sunday, October 14, 2018 at 11:59 PM
        - On-Site Deadline

- Outstanding Club T-Shirt: Saturday, November 2, 2018
- District Convention
  - Online Deadline
    - Outstanding Website Award received Monday, October 1, 2018 at 11:59 PM
    - All applicable applications received online Friday, March 1, 2019 at 11:59 PM
  - On-Site Deadline
    - Outstanding Traditional and Non-Traditional Scrapbooks: Friday, March 22, 2019
- District Service Initiative (DSI): "Helping Those with Disabilities"
- Grammar and alteration of questions
- Rubric for judges
  - Judges will be able to refer to a rubric on the awards applications to accurately judge an award to the best of their ability. Each award will have a different rubric depending on the nature of the award.

## ITEM #2: Integration of the Master Records Sheet

The District Member Recognition Committee proposes the usage of the Master Records Sheet for the following award:

- Outstanding Interclubbing Award
  - Section I parts A, B, C, and D will no longer have the applicant list down the events and instead attach a PDF
  - Section II parts A, B, and C will also no longer have the applicant list down the events and instead attach a PDF

Last term, the 2017-2018 District Member Recognition Committee made an incredible feat with integrating the Master Records Sheet to several awards. This term, the 2018-2019 District Member Recognition Committee wishes to do the same. The Master Records Sheet will include a new tab dedicated to Interclubs to make it easy for clubs to keep track and also to efficiently copy as a PDF to attach to the award. Events on this tab will be color-coded as well so the applicant of the award will only have to input the amount of events they have attended on the application.

Support:

- Filling out the award in general will be made less time-consuming
- Encourages clubs to utilize the Master Records Sheet to the best of their ability and early on in the term

- Clubs will have more time to fill out other awards

Opposition:

- Clubs may find it difficult to save a certain sheet on a spreadsheet as a PDF file

## **ITEM #3: Mei Po Wong Overall Service Award**

The District Member Recognition Committee proposes to adjust the Mei Po Wong Overall Service Award so that it is judged based off of highest service hours total rather than highest service hours per member.

There are some clubs that have a large membership base and do a great deal of service. Overall, their total service hours would be remarkable, but if judged by total service hours per member, large clubs would have a significantly smaller amount than that of clubs with a small membership but high service hours.

This adjustment to the award would make it fair so that all clubs in their respective tiers would be judged based off of their service hours alone and not by how many service hours they would have compared to their membership.

## **ITEM #4: Removal of Oratorical Contest Award**

The District Member Recognition Committee proposes to remove the Oratorical Contest Award, which was to be presented at District Convention.

Over the past few years, the number of applicants for this award have gradually decreased. We believe that there has been a severe lack of interest for the award in regards to the prompts chosen or in the award overall. Not only that, but the award serves no relation to the rest of the awards and can be replaced to recognize a bigger group of individuals who have contributed significantly to the California-Nevada-Hawai'i District.

Although removing this award will make it one less opportunity for public speaking, there are plenty of other options with one of them being workshop hosts for District events, such as Fall Training Conference, District Convention, and Spring Training Conference.

## ITEM #5: Addition of Outstanding District Committee Member Award

The District Member Recognition Committee proposes to add the Outstanding District Committee Member Award, which will be presented at District Convention.

With a total of 10 District committees this term, there will be roughly about 87 Circle K members working extremely hard behind the scenes, yet most of the times their hard work will be unnoticed. District Committee members are an integral part of this District by assisting the 10 District Chairs with their ambitious plans for the term. As we recognize club officers for their efforts, the District Member Recognition Committee believe that the same recognition should be delivered to the District committee members as well.

The Outstanding District Committee Member Award shall mimic the formatting of the Distinguished Appointed Board Officer Award as follows:

- Cover Page
  - Contains the standard information and guidelines an individual must follow when filling out the award
  - Includes a checklist
- Section I (Club Education)
  - Mark which District and International events they have attended
  - List any workshops they have hosted
  - Answer a short prompt on how they personally promoted Circle K to their club
- Section II (Meetings)
  - Did the nominee attend all club general meetings during their term?
  - Did the nominee attend all Divisional Council Meetings during their term?
  - Did the nominee attend all District Committee meetings during their term?
  - List any additional Circle K and Kiwanis Family meetings they have attended
- Section III (Administration & Communication)
  - If applicable, explain what the nominee's committee has done to help the District.
  - What are the nominee's duties as explained by the District Committee application or as expected from the District Chair? Attach and clearly label any written material supporting this.

- Please describe what the nominee has done in their position to meet their duties and expectations explained by the District Committee application or expected by the District Chair.
  - Please describe how the nominee has maintained or improved upon position-specific projects from the previous term. If newly appointed, please skip to section \_.
  - Please describe new programs or ideas that the nominee successfully implemented within their position.
  - List below any articles or videos the nominee submitted to *Sunburst*, *Sunny TV*, *Circle K magazine*, or any other Circle K related publication.
- Section IV (Attendance)
  - Nominee will attach a PDF copy of their event attendance records for the following events:
    - All club service projects, fundraisers, and socials
    - All Divisional and District service projects, fundraisers, and socials
    - All Kiwanis Family club (excluding home club) service projects, fundraisers, socials, and meetings
- Section V (Letter of Recommendations & Essay)
  - Nominee must submit a two double-spaced page letter of recommendation from a home club officer
  - Nominee must submit a supplement with short answer questions answered by the District Chair
    - What has this member done to go above and beyond their expectations and duties?
    - How has this member interacted with not only the rest of their District Committee members, but with the District Board, advisors, and the general membership of CNH Circle K?
    -
  - Nominee must submit an essay explaining what they did as their position on the District Committee, how they contributed to the District, and what have they done to go above and beyond.

## Circle K International

**Fall Training Conference 2018 Theme** Proposal

**July 2018** Board Meeting

Respectfully Submitted by **Cecilia Nguyen, Fall Training Conference Chair**

### EVENT OVERVIEW

**Dates:** November 2-4, 2018

**Location:** Old Oak Ranch in Sonora, CA

**Description:** Fall Training Conference is a three-day, two-night event held at Old Oak Ranch in which members of the CNH District come together to learn more about Circle K International, meet members from around the district, and develop as members and leaders within this organization. For many new members, Fall Training Conference is their first large-scale district-wide Circle K event and their first time seeing the impact that our organization can make. It is an opportunity for members to grow and take on leadership opportunities, such as being a team captain or workshop host. At Fall Training Conference, our members come together to be welcomed into our district and to celebrate their involvement with Circle K, showing spirit for their schools, divisions, and our district.

**Activities:** General Sessions, Workshops, Service, Team Activities, New Member Induction Ceremony, Campfire Skits & Talent Acts, Entertainment, Fundraising, Spirit, and more!

### ITEMS FOR APPROVAL

- *Theme*

This item is crucial to the planning of Fall Training Conference. The theme will set the mood for the weekend and will be a guide for committee members in their creative work.

#### ITEM #1: THEME

The theme of the Fall Training Conference plays an important role in the overall feeling of the event. It sets the tone for the weekend and allows club to show off their creativity as they prepare spirit items, skits, and other aspects. The theme is incorporated into many aspects of Fall Training Conference as an entirety as it directly correlates with the opening skit, program, decorations, souvenirs, skits, entertainment, spirit items, and more. The Fall

Training Conference Committee has put much thought into the selection and expansion of our choices.

The Fall Training Conference Committee has been hard at work these past few weeks to come up with a variety of theme options. After much discussion and brainstorming during committee meetings and assigned work, the committee has narrowed down our options to three themes. For each theme, the committee has come up with ideas for the following categories: taglines, decorations, graphic elements, promotion and publicity ideas, team activities and team names, fonts, and color schemes. We hope that the presented ideas for each theme will help you get a general idea of our vision.

The three theme options presented are (in no particular order):

1. Comic Book/Superhero
2. Space/Galaxy
3. Grocery Store/Supermarket

The committee would like to recommend **Grocery Store/Supermarket** as our **top choice** theme, with **Comic Book/Superhero/Pop Art** as our second choice.

With many encounters from different employees and people, she gets distracted from her shopping and eventually resorts in racing against the clock as she has received a phone call to announce the FTC theme. They must rush or they will be trapped in the store. Ultimately, they don't make it in time and before the video ends, they make the phone call and reveal the theme. After finally hearing the theme, they are free to go and gets offered samples. The video ends as they quickly grab all of their ingredients, check out, and exit.

  - team names can be very unique
- **Deltas**
  - Require a bit more creativity and effort to think outside of the box
  - Some elements might need more explanation
- **Additional Comments**
  - Story suggestion: We all go to a grocery store for different purposes (To buy food, to buy utensils, etc.) We can incorporate that into FTC by saying every single person who attends FTC comes for a different reason but we all end up coming to the same place to get what we need. We go to FTC, get what we need, and go back home.

### Membership Recognition Program Proposal

July 2018 Board Meeting

Respectfully Submitted by **Katelyn Duch, District Member Recognition Chair**

## EVENT OVERVIEW

The Membership Recognition Program aims to recognize all members for achieving certain levels based off of their service hours and additional requirements. This term, the District Member Recognition Committee is aiming to slightly improve it by making adjustments to the tags.

## ITEMS FOR APPROVAL

- Replace Circle K (CK) Tag with Alumni Tag
- Additional Requirements Adjustment

### ITEM #1: Replace Circle K (CK) Tag with Alumni Tag

The District Member Recognition Committee proposes to replace the Circle K (CK) tag with a new tag, Alumni (AL).

One of the 2018-2019 California-Nevada-Hawai'i District Board goals is to increase relations with alumni through the usage of professional development events among other methods. With this in mind, the District Member Recognition Committee plans to replace the CK tag with a tag catered towards alumni, abbreviated AL, in hopes of encouraging all clubs to maintain relations with their alumni so that they will be able to return in the future to provide knowledge of not only Circle K but life beyond college as well.

The reasoning behind replacing the CK tag is because it is very similar to the Interclub (IN) tag, which makes it seem redundant, and because there is no use for it, one being for awards applications.

The following is the official tag definition for Circle K from the CNH Circle K website:

*"A Kiwanis Family event with at least two members present from your Circle K club and at least two members present from another Circle K club. Examples include Circle K general body meetings, divisional council meetings."*

The following is the official tag definition for Interclub (IN) from the CNH Circle K website:

*"An interclub is any event hosted by another Kiwanis Family club, including Circle K. The following table will illustrate on how to achieve this tag:*

<i>Club Member Count</i>	<i>How many attending members needed from your club</i>	<i>How many attending members needed from another Kiwanis Family club</i>
<i>50 members or less</i>	<i>2 members</i>	<i>2 members</i>
<i>51-90 members</i>	<i>3 members</i>	<i>2 members</i>
<i>91+ members</i>	<i>4 members</i>	<i>2 members</i>

*The host club may mark the interclub (IN) tag if the hosted event is a community service project."*

With that said and with how similar the CK and IN tags are, the District Member Recognition Committee decided that it would be beneficial to replace the CK tag with AL. AL will mimic the definition of the Kiwanis Family tag as follows:

A Kiwanis Family event with at least two members present from your Circle K club and two alumni members present. An alumni member is an individual who graduated from your school and was also in Circle K.

## **ITEM #2: Additional Requirements Adjustment**

The District Member Recognition Committee proposes to adjust the additional requirements of the Membership Recognition Program as follows:

**Current:**

	Bronze	Silver	Gold	Platinum
Additional Requirements	5 of 14	6 of 14	8 of 14	11 of 14
Socials (SE)	3	4	6	9
MD&E Events (MD)	1	2	3	4
Fundraisers (FR)	1	2	3	4
Circle K (CK)	2	3	4	5
Kiwanis Family (KF)	2	3	4	5
Interclub (IN)	1	2	3	4
Divisional Events (DV)	2	3	4	5

District Events (DE)	1	2	2	3
International Events (INT)	1	1	1	1

Webinars Attended (WB)	3	4	5	6
Chaired Events	1	2	3	4
Workshop/Webinar Host (WH)	Yes	Yes	Yes	Yes
Committee Member	Yes	Yes	Yes	Yes

**Proposed (changes are in bold):**

	Bronze	Silver	Gold	Platinum
Additional Requirements	5 of 14	6 of 14	8 of 14	11 of 14
Socials (SE)	3	4	6	9
<b>MD&amp;E Events (MD)</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
Fundraisers (FR)	1	2	3	4
<b>Alumni (AL)</b>	<b>1</b>	<b>1</b>	<b>2</b>	<b>2</b>
Kiwanis Family (KF)	2	3	4	5
Interclub (IN)	1	2	3	4
Divisional Events (DV)	2	3	4	5
District Events (DE)	1	2	2	3

International Events (INT)	1	1	1	1
Articles Submitted	1	2	3	4
<b>Webinars Attended (WB)</b>	<b>4</b>	<b>5</b>	<b>6</b>	<b>7</b>
Chaired Events	1	2	3	4
Workshop/Webinar Host (WH)	Yes	Yes	Yes	Yes
Committee Member	Yes	Yes	Yes	Yes

The reason behind increasing the requirements of MD&E events (MD) by 1 is to place more emphasis on developing and educating our members.

With the numerous amount of webinars hosted during the 2017-2018 term, the webinars attended (WB) requirement tag could have been easily fulfilled within one to two seasons of the term. Envisioning that it will be no different for the 2018-2019 term, the District Member Recognition Committee proposed to increase the WB tag by 1 to further encourage members to attend webinars hosted by the District and for the District.

### PEDIATRIC TRAUMA PROGRAM WEEK 2018 Proposal

JULY 2018 Board Meeting

Respectfully Submitted by **KEVIN RU, DFI AMBASSADOR**

### EVENT OVERVIEW

The Pediatric Trauma Program (PTP) serves as one of the active District Fundraising Initiatives for the California-Nevada-Hawai'i District of Circle K International. Established by the CNH Kiwanis Foundation, PTP focuses on reducing the number of childhood deaths due to unintentional pediatric injury. Money raised for PTP is used to purchase safety equipment for children, provide specialized pediatric medical training and equipment for doctors and hospital staff, and fund grants for six partner hospitals located throughout the District.

In order to increase membership awareness and education of PTP, the District Fundraising Initiative Ambassador, alongside the Finance and Fundraising Committee, has organized one week to recognize and highlight the charity and its cause. The week will be held online through social media and will consist of various activities – taking place both online and in-person – for each day that will teach members about PTP and encourage them to show their support for it. It will be promoted along with Crazy Kompetition for Infants, and will be hosted in conjunction with CNH Key Club and KIWIN'S.

### ITEMS FOR APPROVAL

The following items seek approval from the District Board:

- Item #1: Pediatric Trauma Program Week 2018

### ITEM #1: PTP WEEK

#### Proposed Date

In order to promote both PTP Week and Crazy Kompetition for Infants, the former will be held during the week between CKI North and South, from Monday, October 8 to Friday, October 12.

#### Event Structure

PTP Week will be promoted largely through social media and the District website. Each day of the week will be dedicated to particular activities that will allow members to learn about a different aspect of PTP. Further details for each day can be found below.

#### Monday, October 8 | Make it Known Monday

- *Show your support of PTP by changing your profile picture to a baby picture or post one on Facebook/Instagram. Help raise awareness by including a caption that educates others about what exactly is PTP along with the hashtag #CNHPTP2018.*
- *Share the Circle K PTP video made by the FiFun Committee along with the existing Key Club and KIWIN's videos!*

#### Tuesday, October 9 | Trivia Tuesday

- *We'll be posting hourly trivia questions that you can answer for points. Share them with your friends and test your knowledge of PTP. Members with the most points will be awarded a prize to be given to them or a club representative at the next district event.*
- *PTP resources will be posted as well to help you through some questions and improve your knowledge of PTP.*
- *Make your own PTP dolls to donate to local hospitals or participate in a service event related to PTP and children.*

#### Wednesday, October 10 | Wellness Wednesday

- *Promote safety by challenging your friends to wear safety equipment and raise questions. Take the opportunity to educate your peers at school and community about what PTP is and what you can do to support it. Post a picture of you and your friends wearing safety equipment!*
- *Make a video to promote PTP on your own or with your friends or home club! There are no requirements at all, just make sure to include a meaningful message. Post it on Instagram or Facebook with the hashtag #CNHPTP2018.*

#### Thursday, October 11 | Thankful Thursday

- *Take a moment to thank those who have helped keep us safe and show your gratitude by writing thank you letters to your local fire/police station or one of our six partnership hospitals. This is highly encouraged as a club tabletop service activity!*
- *Make a post about individuals you would like to thank who have personally made an impact on your life and help keep you safe, such as your parents and/or guardians.*

#### Friday, October 12 | Further Action Friday

- *Try to host a fundraiser in support of PTP with your club and make sure that participants know where the funds are going towards and how they are making a difference.*
- *Promote further action for PTP by sharing a fact you've learned during this week. Your support of PTP can go beyond raising funds and can include positive messages and all the other activities we've done during the week! Every bit goes towards making a difference in a child's life.*

### Recruitment, Retention & Recognition (RRR) Week Proposal

July 2018 Board Meeting

Respectfully Submitted by **Katelyn Duch, District Member Recognition Chair & Tommy Thach, District Membership Development and Education Chair**

## EVENT OVERVIEW

One of the goals of the 2018-2019 California-Nevada-Hawai'i District Board of Officers is to increase the retention rate of the general membership of Circle K International. As we do an excellent job with recruitment, it is necessary to continue with our practiced methods from the past several years while also thinking about new ideas to retain our members. Recognition plays a huge part in retention, which is why the District Member Recognition Committee and District Membership Development and Education Committee would like to collaborate on a social media week. This week will emphasize the importance of how recruitment, retention, and recognition are integral parts in enhancing a general member's experience in Circle K International.

## ITEMS FOR APPROVAL

- Recruitment, Retention, and Recognition Week

### ITEM #1: Recruitment, Retention, and Recognition Week

The purpose of RRR Week is to promote the California-Nevada-Hawai'i District of Circle K International to incoming members and returning members alike. Each day will focus on a different activity related to recruitment, retention, and recognition through social media challenges.

**1. Day 1: Make a Difference Monday**

- a. As the largest international student-led collegiate service organization, we encourage members everyday to make a difference in their communities. On this day, we would like to extend that urge by having members post on their social media of how they have impacted their communities by posting details of some ways that they have influenced or been influenced another person's life by possibly talking about topics pertaining to recruitment, retention, and recognition.

**2. Day 2: Target Tuesday**

- a. There is a reason why we have people become members of Circle K International, whether it would be developing their character, being altruistic and providing community service, trying to increase their network, or any other reasons. For this day, we would like to have members post on social media what was their reason for joining this organization and what keeps them motivated to be a part of the organization

**3. Day 3: Webinar Wednesday**

- a. The District Member Recognition Committee and District Membership Recognition Committee will also collaborate on a webinar with topics about, you guessed it, recruitment, retention, and recognition! Members do not have to post on this day and can enjoy this break by watching an informative webinar.

**4. Day 4: Tell Your Story Thursday**

- a. Throughout a member's journey in the Kiwanis Family, there are many moments, whether it is a service event, awards ceremony, or a social, where they have felt that it is very special to them. This day, a member is invited to tell their story about a certain moment in the Kiwanis Family dear to them.

**5. Day 5: Fellowship Friday**

- a. Alongside service events and leadership opportunities, it is also very important to take the time to relax and bond with your fellow members. Members are encouraged to plan a social and just hang out!

**6. Day 6: Spotlight Saturday**

- a. Throughout a member's journey in the Kiwanis Family, there are many events that can be considered to be a favorite because of how impactful, meaningful, or fun it may be. Members are invited to spotlight their favorite event and explain why.

**7. Day 7: Superstar Sunday**

- a. There have been many people out there a member may have encountered and left a significant mark on their lives. Members are invited to recognize a person in their lives who have made an impact on them.

The targeted week is the last week of September, which is ranging from Monday, September 24th to Sunday, September 30th.

### SERVICE UNITY DAY/WEEK Proposal

JULY 2018 Board Meeting

Respectfully Submitted by **HEVER MIRANDA, DISTRICT SERVICE CHAIR**

## EVENT OVERVIEW

Service Unity Week and Service Unity Day are yearly events that help unite the California-Nevada-Hawaii District under the tenet of service by allowing members to personally engage in acts of service and to celebrate service through various social media prompts and challenges. This year, the District Service Committee continues the event by providing new social media challenges for members to take part in and by encouraging service officers to host volunteer events for their members on Service Unity Day.

## ITEMS FOR APPROVAL

- *Service Unity Day*
- *Service Unity Week*

### ITEM #1: Service Unity Day

Target timing for Service Unity Day is one of the first three weekends of October. A final date will be chosen when the District Board decides on a date for Crazy Kompetition for Infants North and South.

Clubs will be encouraged to participate in service events in their community, with special emphasis being placed on service events that align with the District Service Initiative, Helping Those With Disabilities.

### ITEM #2: Service Unity Week

Social media challenges would take place on platforms such as Facebook and Instagram. The District Service Committee would be in charge of promoting the event on these

sites and

1. Mindfulness Monday: Participants write a reflection post discussing disabilities in their personal lives or the lives of loved ones and how the disabilities affect their lives.
2. Teamwork Tuesday: Post about a service event in which the participant's club worked with another organization and how they made an impact together.
3. Welcome Wednesday: Post about ways that one can help make the disabled community feel more welcome in their environment through aided adaptations to facilities, avoiding the use of discriminatory language, etc.
4. Tag-a-Friend Thursday: Post about a friend who embodies service and why this person embodies service.
5. Kiwanis Family Friday: Post about a service event in which the participant's club worked together with another branch of the Kiwanis Family and reflect on the impact made.
6. Service Unity Day Reflection: Post reflecting on service events in which one's club participated in during Service Unity Day.
7. Support Sunday: An informational post primarily meant for a participant's friends who are not in Circle K talking about ways that they can help the disabled community through donations or volunteering with organizations devoted to improving the quality of life of disabled people.

The target timing for Service Unity Week is during one of the first three weeks of October. A final date will be determined and approved by the Board after the dates for Crazy Kompetition for Infants North and South have been finalized.

XIV. **District Officer Assessment**

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

**- Plan a smooth and successful Fall Training Conference:**

Currently, I am feeling pretty good with what has been accomplished with my committee so far! It's been a great, productive month and a half! I have created a timeline for the rest of the term, and each committee member created their own timeline based on their position, with the help of the EAs and myself as we went through each timeline and made comments/suggestions on each. I send out reminders and keep up with each member often; my EAs also support and help me whenever needed. I hope to continue working as productively with my committee until FTC. I am working to create a collective timeline where each member can input their deadlines and also see other position's deadlines, so we can all stay on track and

support each other. I also look forward to our online meetings and future in-persons, so that my committee can communicate openly and beautifully with each other. I am also hoping to build a strong line of communication with Bruce and stay in contact with my advisors, so we can all make sure all bumps are smoothed out during the planning process.

#### **Work with committee to minimize problems from previous years' FTC and implement new and innovative ideas**

I think the committee is doing a great job at trying to think outside of the box and brainstorm new ideas within their individual positions to improve on the previous years. It's been really great to see committee members talk and set up meetings with one another to get specialized support that also helps to better understand their goals and ideas for their positions. We go through committee goals and directives and have brainstormed ways in how we would go about achieving our goals. In committee meetings, the committee and I often bring up items to gain feedback from committee about out new ideas so I hope to continue this ongoing flow and inspiration to make FTC 2018 great.

#### **Provide an enjoyable and worthwhile committee experience for everyone and foster an environment where committee members can bond, have fun, and grow!**

It has shocked since our first meeting how well my committee gets along with each other, and ever since our first meeting we all have become pretty close! My EAs and I set up a committee buddy system, our Facebook group chat is very active, and everyone has expressed to really enjoy being on committee so far. I always encourage them to work together and ask each other for help (by asking for feedback through Slack, committee meetings, individual outreach, etc). I try to remind them of their tasks whenever needed, and so far, they are working quite efficiently. There a couple who I do need to check up on a bit more, but that's definitely okay and I understand why more reminders are needed. To continue this flow, I will continue to do my best to make meetings productive and upbeat to stimulate thinking and discussion and permeate good vibes. I want to remind them that I am a source of support for them and always open for feedback if they'd like to do anything different. I hope to be more proactive so that not only I am able to be always thinking ahead but to keep everyone on track as well!

#### **-Increase transparency and promote clear and effective communication**

I think this has definitely been an ongoing thing that I always try to be mindful of every week and month. During committee meeting, I always am sure to announce any updates that are going on in the district to the rest of committee and this has helped the committee to get a sense of what is going and if there are any ways that they can be involved or help with. During 1-on-1's or individual messages on Slack or Messenger, I am always reminding everyone that if they ever have any feedback about anything and reminding them we never take feedback personally and we hope that they can do the same when we are giving constructive criticism, and just want the committee to be the best they can be! This has resulted in the committee

members freely able to vent or talk to me about any problems or concerns they may have, so I believe the committee definitely feels open with communicating with each other.

**-Provide support and care to fellow District Board members to the best of my abilities**

Although I would say everyone gets along with each other very well and talks to each other through our group chat, I feel like I could be more active in terms of personally outreaching and reaching out to individual district board members. I often message Manuel, Shaira, and Wayne about any problems in regards to the planning of FTC, but I feel like I could be doing a better job on giving a helping hand to other chairs and the LTGs. To improve, I hope to reach out to them more and just ask them how they are doing! I also would like to invite District Board members to my meetings, so they can feel free to give their feedback/input and teach my committee anything they might have knowledge in as well. I want to make myself more available to my fellow District Board members, so they can feel that I am reliable if they ever need a hand.

## **XXIV. District Officer Assessment**

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

### **- Improve Awards**

The District Member Recognition Committee and I have had five two-hour long committee meetings so far to discuss about changes we would like to do in regards to the District. With one of the topics being District Awards, we have extensively gone over each and every one of them, decided to tweak them here and there. The District Awards proposal had been drafted for this board meeting. A major change that we had in mind was to remove the Oratorical Contest Award and add in the Outstanding District Committee Member Award. Additionally, we would like to continue the integration of the Master Records Sheet for one of the awards, which is the Outstanding Interclubbing Award, to help make it more efficient and less time-consuming for whomever is filling out the award.

### **- Be Transparent to the District with the Member Recognition Committee**

So far, the District Member Recognition Committee have been hard at work with brainstorming ideas of what they would like to do regarding the proposals presented at the board meeting. We also plan to make ourselves more transparent by hosting office hours about these proposals. Afterwards, an improved MR Monday will start up again in August, a potential collaboration social media week with the District Membership Development and Education Committee is planned for September, and another social media week will be proposed later in the future.

**- Improve Master Records Sheet and Deliver Thorough Feedback**

The new and improved Master Records Sheet is looking to be released in August, so from now on, the MRP/MRS Coordinator and I will work hard in making sure that we will be able to improve the Master Records Sheet to reflect what we desire to do for one of the awards (Outstanding Interclubbing Award). This is meant to make the MRS more organized.

**- Increase Communication with Member Recognition Officers**

So far, the Divisional Liaisons of the committee have been hosting one-on-ones with officers in charge of member recognition or the Master Records Sheet in their club. They were able to gain insight of some of the clubs' current standings, answer any questions that they may have, and learned about the officers' goals.

The District Member Recognition Committee will continue to increase communication by posting tips and tricks on the Facebook Member Recognition group page, e-mailing out reminders and manuals when necessary, and giving the opportunity for the members to post about a topic that they would like to share with their fellow peers.

**- Support District Board in Their Endeavors**

I have not been able to be as present as I wish, but I was able to support my fellow Magic Kingdom Lieutenant Governor by co-hosting a workshop at Magic Kingdom Trainer. Additionally, I will be attending President's Retreat and plan to provide my undying support.

## **II. Work Progress (Achievement & Plans)**

### **a. Total Achievements**

1. Communicated with the reactivating president of Truckee Meadows Community College, Maliyah Anderson, in regards of reactivating a Circle K Club. She has attended the Capital Division June DCM and President Council Meetings as a guest in order to become more familiar with the division.
2. Established my Capital Division Leadership Team with a total of 13 members. Eight members of said leadership team have established their own committees: Fellowship, Communications and Marketing, Capital Large Scale Service Project, and July DCM Committee.
3. Coordinated appropriate training for each executive board officer as needed while finalizing the transitional phases for each Capital Division club. President Council Meetings and Division Leadership Team Meetings have been conducted where expectations for the term have been established and set.
4. Physically visited majority of clubs within my division for their general meetings, club events, fundraisers, etc. While at these events, I have made an effort to meet and get to know the members of each respective club at said meetings, events, and fundraisers; establishing a physical presence.
5. Established contact for members between Capital Division, Golden Gate Division, and Sunset Division. Capital Division brought 16 members to the Golden Gate x Sunset Division Joint June Council Meeting and Divisional Service Project.

### **a. Top 5 Plans**

- 
1. Continue discussing plans of chartering Circle K International clubs at American River College and William Jessup University. American River College needs the membership, but already has the support of a sponsoring Kiwanis. Plans for William Jessup will continue once students enroll in the fall.
  2. Coordinate an interdivisional event between Capital Division and the other Northern Divisions of CNH Circle K International. Plan for an interdivisional event with Golden Gate Division are planned for the month of August. Plans

for an interdivisional event with Sunset Division are planned for September.

3. Establish more divisional service projects and communication with clubs throughout Capital Division to increase divisional unity amongst all clubs, especially of smaller clubs. Plans for said events are being planned by the Capital Division Leadership Team, more specifically my Service Chair.

4. Plan a professional development event/ leadership retreat event for Capital Division members where the primary focus will be to establish definite leadership and professionalism for members of Capital Division. This event is to be planned by myself alongside the Capital Presidents and Capital DLT.

5. Finalize dates and plans for majority of major future events for each club within Capital Division. This includes Key to Colleges, New Member Installation Banquets, Division Council Meetings, Division Service Projects, etc. Open dates will be noted to plan another event on said open date.

### III. Resources Needed

1. Overall District Board member attendance and physical presence at Capital Division Events. As noted by my Capital Presidents and Division Leadership Team members, we would like to see a presence from District Board members whether this be attending events or reaching out to individual clubs.

2. Necessary materials for smaller/newly charter Circle K clubs to help them establish their club's foundation. These resources are primarily needed for attracting new members for membership, how to assist appointed board members (and executive board members) in their respective positions.

3. District Board Workshops/Webinars on various topics that can promote the development of professionalism. This can also promote a presence of District Board to the members of CNH Circle K International, while promoting various topics regarding leadership and professionalism.

### IV. District Officer Assessment

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

**GOAL 1: Establish a stronger foundation and divisional presence for all smaller and**

### **chartering clubs.**

Further develop each club's connection with the division and have more divisional events held on their respective campuses to build a larger support system upon greater divisional unity. Each club will be paired up with another every month for interclub planning. This would require personal outreach from not only the Lieutenant Governor, but the executive board and its appointed board members as well. I will continue to train and oversee the progress of each board and their respective club; as all improvements will be documented and become evident in the MRF's member count and event tags.

### **GOAL 2: Nurture and amplify divisional unity between all Capital Schools through more intimate relationships.**

In reality, distance is a factor but we do not have to let it affect our divisional unity. I want to emphasize that each club in Capital Division is part of a larger family beyond the club level and are an essential resource to each other in further growth and development. Each DCM, I will assign a school an "interclub buddy" and I want to encourage each school to have at least one service interclub or social interclub of some kind with their respective interclub buddy. Each club will teach their interclub buddy's cheer to their respective club to further enhance divisional unity vibe and culture for each club in Capital Division.

### **GOAL 3: Emphasize and build upon the aspect of professionalism and leadership development within our clubs and our members.**

Build upon Circle K Alumni and Kiwanis relations through workshops and networking events. Clubs will organize more workshops at their general meetings, weekly or bi-weekly as they see fit for their respective club, on various topics that appear to interest members. As college students seeking future careers and brighter futures, Circle K should be our stepping stone. Various committees and opportunities on the Division Leadership Team offer many opportunities to develop leadership skills. One leadership retreat will be planned for the term to further develop upon the aspect of professionalism.

### **GOAL 4: Amplify interdivisional bonding through more intimate interdivisional relationships.**

Give members the opportunity to make new friends and build new connections with those outside of Capital Division and spark interest in growing in leadership towards the district level and beyond. In addition to the August Quad DCM between the Northern California Divisions of Sunset, Golden Gate, Capital, and Central Coast, have more interdivisional service events and socials. This will become evident through the MRF event tags.

**GOAL 5: Redefine expectations for our tenets of service, leadership, and fellowship.**

Through more divisional service events organized by our Capital Division VPS's and Divisional Service Chair, more leadership opportunities through committees and DLT, and more fellowship opportunities coordinated by appointed fellowship chairs and committee, the overall experience of Circle K for members will be enhanced in providing a home and a family for all members or this organization.

**V. District Officer Assessment**

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

**Club stability/revive struggling clubs**

I have reached out to all of the presidents and/or advisors of struggling clubs to see what their situations are. I have set a plan of action with one of those clubs so far and plan on setting the others very soon. I will also be contacting their sponsoring Kiwanis clubs to see what they have been doing to help and inform them of the plan of action I set. I will be checking up with them regularly to make sure they are working toward completing these tasks.

**Promote interclubbing**

I have been promoting interclubbing in my weekly emails to my presidents. So far, only Ventura College and Cal Lutheran have had an interclub service event. I hope that other clubs will soon follow their example in the fall. I will also be promoting interclubs through my divisional Service Chairs.

**Charter 2 clubs at a minimum**

- Moorpark College

They are very close to chartering. As of July 10th, they are just waiting to receive a check from their sponsoring Kiwanis so that they can mail everything in to Kiwanis International to become an official club. The Simi Valley Kiwanis wants to sponsor them.

- CSU Channel Islands

They have found an e-board already and will be working on charter paperwork over the summer. Continued recruitment will start once the academic year starts. The Thousand Oaks Kiwanis wants to sponsor them.

- Merced College

They have the minimum required number of members to start a club, they are just looking for a faculty advisor, which won't happen until the fall. The Merced Kiwanis wants to sponsor them.

- Pepperdine University

Looking to charter in the fall as well, but not as viable at this moment due to lack of Kiwanis sponsorship and membership base.

#### **Introduce a divisional website, calendar, Instagram**

I have released a divisional website at [www.centralcoastcki.weebly.com](http://www.centralcoastcki.weebly.com) as well as an Instagram at [www.instagram.com/centralcoastcki](http://www.instagram.com/centralcoastcki). My DLT and I will be regularly updating and posting on both of these forms of media. I hope to add a divisional calendar to the website over the summer to bring more usefulness to our members. We also just recently sent out our first newsletter of the term, named *Tea with Cenco*.

#### **Increased divisional unity/spirit**

We have hosted our first divisional event in June called Coastal Coolness.

Members from all over the division attended this event and performed community service at a local beach, attended a DCM, and bonded throughout the day as well as at the bonfire. Members from southern clubs finally got to meet and get to know members from northern clubs. The divisional Spirit & Social Chair and I have updated old cheers and released new ones in the past few months. We will continue working on new cheers as well as making videos that perform the cheers. We have begun planning and pricing spirit packs for Fall Training Conference. A spirit stick will also be made over the summer.

**XLIV. District Officer Assessment**

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

<ul style="list-style-type: none"><li>• Increase Number of Active Clubs: This is still a work in progress since it is hard to collaborate with the inactive/suspended clubs due to schedules not matching up. Will continue to work on club development during summer.</li><li>• Assisting E/A Boards: Made great progress by utilizing EA to have one on ones with every E-board officer aside from the President every month. In terms of having one on ones with the A-boards, decided to let the VPAs to their own devices when it comes to maintaining their appointed boards.</li><li>• Expand of Kiwanis Family Relationships: Have been able to attend Kiwanis general meetings and DCMs in the past months. I will be contacting Kiwanians, Key Clubbers, and other Kiwanis Family branches within Desert Oasis jurisdiction to work on opportunities to collaborate with them throughout my term by working with my Divisional Kiwanis Family Chair.</li><li>• Utilizing of Club Buddy System: Not much progress since inactive/suspended club representatives not having schedules that will allow them to attend events from UCR or UNLV. Will be working with DLT and Regional Advisor to support clubs as much as we can throughout the term.</li><li>• DCM Live-Streaming: Live-streamed DCMs multiple times since beginning and utilized Youtube for the first time to host first ever online DCM. Will continue to use resources like Youtube and Facebook whenever the opportunity shows itself.</li></ul>
--

- Open Board Meetings: With my DLT complete, I will begin to have open Divisional Leadership Team meetings starting July. Will be scheduling open board meetings throughout my term to allow members to get an insight to how this year's DLT works or to see what we are planning.
- Monthly LTG Report: Consistently released monthly report forms on divisional Facebook page and will continue to release them in order to maintain a high level of transparency in the division.
- Bi-Weekly Meetings First and Last of Each Month: Consistently have been able to have one on ones and President Council Meetings at least twice every month. Will be working on creating a set schedule to allow meetings to be planned out ahead of time for the convenience of people attending.

## XLVII. Work Progress (Achievement & Plans)

### a. Total Achievements

i. Hosted a very successful and energetic DCM at STC
2.Hosted an online DCM with no technical difficulties
3.Hosted 2 service projects. One was meaningful and was announced way ahead of time and was executed in an organized fashion.
4.Launched our Instagram
5.Networked with various Kiwanis for future projects

### b. Top 5 Plans

1.Host our first of many divisional socials
2.Finalize and setup our finances with the Monterey Park Kiwanis account, so we can begin fundraising for penny wars
3. Continue uniting our division through service
4.Built stronger bonds between Foothill's presidents especially in conjunction with President's Retreat; and host an officer retreat
5.Begin efficient and detailed planning for the rest of summer and fall

## XLVIII. Resources Needed

1.
2.
3.
4.
5.

## XLIX. District Officer Assessment

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

Have Foothill serve our community in a meaningful and impactful way. We will achieve this by hosting at least six divisional service events this term.

Progress: So far, we have hosted 2 divisional service events. As of now, my EA of service and I plan to have a tabletop service event at our August DCM. I know in the fall, like in previous years, we'll be helping at the AIDS Walk.

- Have Foothill propel its spirit. We achieve this by hosting spirit sessions throughout the term where we will practice cheers. We'll also have spirit items at district events that stand out.

Progress: We have been hosting spirit sessions at DCM's. My EA of aesthetics is also looking into merchandise to prepare our spirit pack at FTC.

-Strengthen Foothill bonds and networks. I will do this by promoting interclubs, service events in particular.

Progress: I've networked with Alhambra Kiwanis to partner with CSULA CKI for a couple of events. I also asked PCC if other clubs could join one of their service events. Admittedly more can be done on my end. I'll be bringing this topic up to my EA of service

--I will have timely, efficient, and frequent communication with Foothill clubs especially their officers so their concerns, and problems may be addressed quickly and effectively. I will do this by designating my time for my division.

Progress: I respond quickly whenever a member of Foothill reaches out to me. If I can't find the answer to their question, I point them to someone who will be able to accommodate them.

-Strengthen Foothill unity and intimacy by hosting socials.

Progress: At the time of this writing we are preparing for our first divisional social. We also have a 626 night market social in mind for August. We've also launched our divisional pen pal program; all this is mostly thanks to our EA of Fellowship.

## LII. Work Progress (Achievement & Plans)

### a. Total Achievements

- |  |
|--|
| 1. I was able to find people to reactivate/recharter Los Medanos College, Napa Valley College, and University of San Francisco while supporting them and providing resources in order to bring them back to active status. |
| 2. I was able to create meaningful and well-organized divisional events for the summer with very good turnout!   |
| 3. I was able to create effective training resources such as manuals, online trainings, and e-mails for our officers.  |

4. I was able to conduct one-on-ones with DLT members and Presidents.
5. I was able to visit my clubs more and plan to continue to support all 9 of our Golden Gate clubs further this summer.

b. Top 5 Plans

- |   |

| 1. Plan Trainer in August before school starts.         |

LIV. **District Officer Assessment**

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

- |  |
|--|
| - Training & Support: The DLT and I have been creating resources such as manuals, PowerPoint presentations, and training e-mails to assist club officers with learning their roles and planning for the fall term. We are hoping to release it in July so that clubs can utilize these resources in order to plan for Fall.  |
| -Club Building & Expansion: I have been assisting our at-risk and rebuilding clubs within the division by providing more support and advice on how they can improve their clubs. I hope to play a bigger role in these club's development by going to their events and having the division support them more.  |
| -Divisional Unity: I feel like we're gradually getting more united as division, as there has been very good attendance from each club at our DCM. I hope to build more unity within this division to help our other clubs that are rebuilding, so that the division plays a bigger role in influencing more members to be more involved and supporting other clubs.    |
| -Membership Experience: A lot of Golden Gate members have been going to divisional events and have expressed how they appreciate our events. We have been having good turn outs at our divisional events despite it being the summer. I hope to plan further with the DLT to provide more great experiences on the divisional level for Fall and the rest of the term. |

## LXIV. District Officer Assessment

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

**Maintain active communication with Presidents, Division Leadership, Regional Advisors, and Club members to promote transparency on the divisional level.**

**Progress:** We have since created a monthly board packet which includes all monthly meeting agendas and minutes alongside with board reports for Presidents & Division Leadership Team. This was a way for us to keep our board accountable for their actions as well as promote transparency as to what will be coming up.

**Resolutions:** I have not started bi-weekly emails, which is something that really needs to start.

**Establish a Large-Scale Signature Event for the Metro Division that promotes Leadership and Fellowship as well as resources and educational value to attendees.**

**Progress:** I have appointed three (3) Special Events coordinator. Each one of the coordinators has been assigned a certain event to plan for the term. We have discussed which events to have and which ones to omit. For the Large-scale Signature event, we will be focusing on Professional Development and will be having a Professional Expo in January.

**Resolutions:** We will be working heavily on effectiveness and educational value.

**Charter, (re)charter, or reactivate inactive clubs within Metro and successful charter two additional clubs while providing any necessary resources and time in order to aid in the creation of a strong club foundation.**

**Progress:** We have found a President for CSU Dominguez Hills and are currently working with them to establish foundations for their club and complete any necessary paperwork. I have reached out to a Kiwanis Club in Studio City to discuss potentially chartering a club in LA Valley College and I have followed up with San Fernando Kiwanis for their initiative to start a Circle K in LA Mission College

**Resolutions:** Find incoming students to network with Kiwanis to start a club in Santa Monica College.

**Provide clubs resources for external visibility in order to aid in membership recruitment beyond than tabling.**

**Progress:** I have slowly started researching to external organizations and models to see what has worked.

**Resolutions:** Complete research and get the ball rolling because recruitment season is around the corner.

**Create more effective and engaging social media outlets to educate members on District Events, Fundraising Initiatives, Service Initiatives, and other district functions.**

**Progress:** I have appointed a Marketing & Communications Coordinator to my DLT. She will be in charge of helping me create, educate, and market these materials to our members.

**Resolutions:** Create a educational marketing campaign that is effective with getting the material across.

### METRO MINGLES!

#### HELLO~

I would like to invite everyone to our summer **METRO MINGLE!**

What's Metro Mingle you ask?

Metro Mingle is our weekly online video call providing the members of Metro and any other members in the district who would like to join, the opportunity to interact, socialize, and even ask questions to myself, the divisional board, and even other members! It's a Metro way of promoting fellowship and unity from the comfort of your own home (or where ever you are), so you don't have to deal with driving and the traffic!

Metro Mingle is [usually] every Wednesday at 8PM and will be hosted by different Division Leadership Team members throughout the summer! Although, some have already passed, there's still a bunch more left! Don't miss out, get to know the Metro DLT, myself, and other members! You won't even have to deal with the outside summer heat.

See graphic for weekly host!

### IV. District Officer Assessment

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

**-Build a connected and inter-club support system for club officers both within the club level and division.** I had continue to reach out to our DLT members, club officers, and general members to see what improvements they want to see and what they need support with to succeed both personally and Circle K wise. I had paired up DLT buddies to increase the support network within the DLT team and to help them to get to know one another better. In addition, we have also released the Division Penpal buddies system to pair members across our division with one another to help them to get to know each other better and feel supported. I had been having Presidents check-ins, club e-board check-ins, e-board training meetings, and DLT check-ins as well to make sure they are doing well. I had also been sending emails to my DLT team to keep constant and professional communication as well and visited e-board meetings of the clubs in the division in person. I had reached out and connected the DLT members with their counterparts across different divisions. I had also paired up DLT members to help assist me in giving support system to each corresponding group of e-board and a-board officers. Between now to the rest of the term, I will be aiming to continue regular one-on-ones, check-ins, and help the officers feel more supported and interconnected throughout the division along with other divisions as well.

**-Increase the education of Circle K and the different aspects of it.** We had been working with ideas on member recruitment and retention opportunities to help clubs when they start off in the fall. We are planning to have workshops within our division to help educate about the various topics of Circle K. From now till the end of my term, I will continue to work with our MD&E chair to help assist with member recruitment strategies and retention opportunities to help deepen the bonds between members and increase it as well.

**-Increase the bonds between the different parts of the Kiwanis Family and our division.** I had been keeping contact with the local Key Clubs within our area along with our respective corresponding Key Club Division LTGs. Our DLT Kiwanis Family Chair has released her first Kiwanis newsletter, which she aim to have on a biweekly basis. I had been working to bridging the gap and transitions from Key Club to Circle K with the local Key Clubs around the areas. We are also working on interclub opportunities as well. We had also been working on inter club service events with our Kiwanis clubs and local Aktion clubs as well along with planning a Key to College. From now to the end of my term, I will continue to communicate closely with the different branches of the Kiwanis Family and have more interclub opportunities.

**-Renovating the culture of our division by creating a more companionable, empathetic, and supportive system.** I had been working on increasing the support system for each of the club and for the members within the division. Some works we had done was pairing up members across the division, encouraging more inter-club events and other club visitations from general members. I had also linked each DLT member along with me to help assist and provide support to the corresponding club e-board and a-board officers. We had also release the google form for Sunset Shark of the month for both general members and officers. Here, general members can nominate for these members of the months, unless in previous years, only Presidents could nominate. This allows for more voices from the division to be heard. We had also released a Sunset Suggestion Box to increase transparency and to hear inputs from our division on what they want to see for the new term. Some plans I have to continue to increase the connections between Presidents, officers, clubs, and general members through more inter-clubbing events and encouraging them to go out of their comfort zone to meet and get to know other members within other schools. I want to help continue to build authentic leaders, allowing them to become better version of themselves, and create opportunities for members to grow and take initiatives.

**-Create a divisional google drive to increase organization and help with resources.** I have created an organized drive for the division and also for the DLT. I have been able to put a lot more work in the drive for officers and DLT. I am planning to add and compile a database for service events and contact with our Service Chair to help support the VPS in our division. In addition, creating a acronym resource for officers and members is another plan as well. From now to the end of my term, I will continue to advance the drive and create more resources within it with our DLT.

## LXXIV. District Officer Assessment

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

**1. Create and promote resources for treasurers and fundraising chairs in the district to use in order to assist them with their terms, such as budget templates, reimbursement templates, and donation letters.**

I have released Master Budget Sheet and Fundraising Master Sheet templates and am currently working with my newly appointed Resource Chairs on the Finance and Fundraising Committee in order to develop and release new resources.

**2. Encourage and support club fundraising efforts by creating an event-planning guide, strengthening the Fundraising Database, and reaching out to individual schools in order to provide support and resources for clubs who need assistance.**

My newly appointed Outreach and Resource Chairs are currently in the process of working toward ways to support club fundraising efforts, with the former creating a preliminary outline of a large-scale event-planning guide and the latter editing the current Fundraising Database to make it more comprehensive and accessible to members.

**3. Organize and execute successful Crazy Kompetition for Infants North and South, District Fundraising Initiative Weeks, and on-site fundraisers at District Events by creating realistic timelines and a manageable promotions schedule for each specific event or project.**

I was able to complete my first round of one-on-ones in April. I plan on releasing sign-ups for summer one-on-ones soon in order to help TFCs plan and prepare for the coming academic year.

<p><b>4. Develop more recognition for club fundraisers, such as highlighting individual club fundraising events regularly and creating an award for outstanding fundraisers to be presented at District Convention 2019.</b></p> <p>My monthly emails include a spotlight for club and divisional fundraisers in order to recognize their efforts and the funds raised for either charitable or administrative purposes.</p>
<p><b>5. Provide an enjoyable committee experience for FIFun by encouraging committee bonding, planning at least one in-person committee meeting, and making myself readily available to each of my committee members whenever they may need help.</b></p> <p>I recently completed positional meetings with my committee, during which we were able to establish expectations, discuss goals, and prepare a comprehensive timeline for the rest of the year.</p>

## LXXIX. District Officer Assessment

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

### **- Secretary Divisional Buddy System**

This has been going really well; Secretaries have been communicating and getting to know their divisional counterparts. They also ask me a lot of questions through this, which is great to see. I haven't been utilizing these as much in the last few months, but I do have plans on how to proceed with these groups in the Fall Semester.

### **- Promote Transparency between District Board and CNH General Membership**

The District Board Packets and Minutes have been publicized throughout CNH to make sure members are aware of what's happening within our District Board! We're also having District Board members host office hours before and after each District Board meeting to answer questions about proposals. Moreover, some Lt. Governors already host regular office hours each week so they can discuss the proposals for the board meeting there.

### **- Give the Laws and Regulations Committee more Shape and Direction**

We started immediately with a task to create a CERF infographic, which really helped us find our direction and place in the District. I'm also planning to have the committee create resources regarding bylaws in the coming weeks. We've already begun collecting club bylaws to add to our CNH database, and we plan to continue collecting throughout the term.

### **- Emphasize education for Club Bylaws & Elections Processes**

The L&R Committee has released a graphic to help clubs amend their bylaws before sending them to us for our 2018-2019 bylaws database. In this graphic, we go over the correct way to go about amending club bylaws, making sure we emphasize the process of blacklining and having the membership vote. I have also coordinated with the Communications & Marketing Committee about the webinars that we'd like to do. One of them is the Elections webinar, held in late January/early February, which will go over club board elections, district board elections, and information for delegates attending District Convention.

### **- More resources for Secretaries at the beginning of the term**

The L&R Committee is working on a CERF infographic to help Secretaries teach their general members and officers about using the CERF. Additionally, I'm working on a video walkthrough to help Secretaries fill out the Master Records Sheet for the first time. Secretaries are receiving feedback for each of their Monthly Report Forms, which includes mentioning any errors that they might've made, but also discussing/complimenting great events/fundraisers/improvements that their club has made in that month. Moreover, I've been sending out a bi-weekly email known as "Secretary Sundays"

which give them some updates and even include a Secretary tip of the week that they can follow.

## IV. District Officer Assessment

*Please list the goals you submitted as an individual officer the beginning of your term, evaluate your progress on these goals, and identify what you will do between now and the end of your term in support of these goals.*

-District Board Motivation: I want to make sure all the District Board members are feeling appreciated and motivated throughout their term! I will start communicating with all the District Board members more often to check in with everyone and see how they are doing.
-Improving External Relations: I am working on building a better relationship with the International level of CKI. By adopting the WASH Project as my Governor's Project, I was able to talk to many international representatives.
-Club Building & Revitalization: I have been in contact with our District MD&E Chair to set forth plans on how we as a District can support clubs who are struggling. By setting up individualized plans with the club representatives and Lieutenant Governors, we will be able to help them regain their footing.
-Streamlining Resource Center: We are currently working out edits and adjustments to the District website and are finding better ways for our members to easily utilize district resources, such as manuals, forms, and graphics.
-Relations with Hawai'i & Nevada: By working with the Paradise and Capital Lieutenant Governors, we will be able to understand the individualized needs of the two states in our District and move towards chartering more stable clubs within Nevada & Hawai'i. I will also be doing club visits throughout the summer, including the annual Hawai'i visit!
